IN THE CLAIMS

Please cancel claims 9-13 and 17-19 without prejudice.

Please add the following new claims.

1   20.   (New) A graphical user interface (GUI) for displaying entertainment

2   system data, comprising:

3   a first multimedia identifier on a first screen of the GUI that is selectable to

4   deliver entertainment system data stored at a first location relating to an entertainment

5   selection; and

6   a second multimedia identifier on the first screen of the GUI that is selectable

7   to deliver entertainment system data stored at a second location relating to the

8   entertainment selection.

1   21.   (New) The GUI of Claim 20, wherein the first location is a remote web

2   server and the second location is a system component local to the GUI.

1   22.   (New) The GUI of Claim 20, wherein the first location is a first system

2   component local to the GUI and the second location is a second system component

3   local to the GUI.

1   23.   (New) The GUI of Claim 20, wherein the first multimedia identifier is

2   a graphical image.

1   24.   (New) The GUI of Claim 20, wherein the first multimedia identifier is

2   an animation.

1   25.   (New) The GUI of Claim 20, wherein the entertainment system data is

2   audio data.

Application No. 08/939,185   --2--   042390.P4500

1   26.   (New) The GUI of Claim 20, wherein the entertainment system data is

2   text data.

1   27.   (New) The GUI of Claim 20, wherein the entertainment system data is

2   graphical data.

1   28.   (New) A computer system, comprising:

2   a bus;

3   a processor coupled to the bus;

4   a memory coupled to the bus;

5   a display device, coupled to the bus, that configures a graphical user interface

6   (GUI) that displays a first multimedia identifier on a first screen of the GUI that is

7   selectable to deliver entertainment system data stored at a first location relating to an

8   entertainment selection and a second multimedia identifier on the first screen of the

9   GUI that is selectable to deliver entertainment system data stored at a second location

10   relating to the entertainment selection.

1   29.   (New) The computer system of Claim 28, wherein the first location is a

2   remote web server and the second location is a system component local to the GUI.

1   30.   (New) The computer system of Claim 28, wherein the first location is a

2   first system component local to the GUI and the second location is a second system

3   component local to the GUI.
